AKKIREDDI PHANINDRA

Saviynt IAM / IGA Engineer | Identity Governance | Active Directory & Entra ID

Hyderabad, Telangana | +91 63040 22275 | akkireddip1@gmail.com | linkedin.com/in/akkireddi-phanindra

PROFESSIONAL SUMMARY

Saviynt IAM / IGA Engineer with 3+ years of hands-on Saviynt experience and nearly 4 years in enterprise cybersecurity at Wipro. Runs day-to-day IAM operations across 10 enterprise applications: user lifecycle management (Joiner-Mover-Leaver), access provisioning and administration, access request workflows, user access re-certification and RBAC. Processes 500+ access requests monthly at 98% SLA, with strong root-cause analysis, Active Directory, Microsoft Entra ID, ServiceNow incident management and audit evidence support. Saviynt IAM certified.

EXPERIENCE

IAM / IGA Engineer (Saviynt), Wipro Technologies *Sep 2023 – Present*

Hyderabad / Visakhapatnam, India

- Onboarded 10 enterprise applications (AS400, SAP Business One, Magento, NuOrder, QUBE, TTS, AppNet, Lawson, OpenText, Yusen) into Saviynt, from requirements gathering with application owners to application support, keeping access aligned with workforce changes through JML lifecycle events.
- Processed 500+ access requests (add, modify, delete) monthly at 98% SLA compliance by validating entitlements against RBAC and least-privilege requirements before provisioning and deprovisioning.
- Resolved Saviynt provisioning failures, access request errors and workflow issues through root-cause analysis of requests, approval paths and entitlements, restoring access within ServiceNow incident and SLA targets.
- Drove user access re-certification campaigns to closure and prepared audit evidence by validating identity attributes, groups and entitlements in Active Directory and Microsoft Entra ID, coordinating remediation of inappropriate access with application, security and infrastructure teams.

Network Security Analyst, Wipro Technologies *Nov 2022 – Aug 2023*

Hyderabad, India

- Monitored security events across Cisco ISE, Cisco Tetration, Palo Alto Networks, Panorama and Zscaler, analyzing logs, traffic and alerts to investigate anomalous activity.
- Collaborated with network and infrastructure teams to track and close incidents and service requests in ServiceNow and Jira within SLA.

PROJECTS

Joiner-Mover-Leaver (JML) Lifecycle Management *Identity Governance*

- Built a project demonstrating role-based access across the employee lifecycle: access granted at joining, updated on department change and revoked on exit to enforce least privilege.

Cyber Threat Intelligence & Monitoring Dashboard *BITS Pilani – WILP*

- Developed a Python, Flask, SQLite and Chart.js dashboard for alert monitoring, IP/URL investigation and geographic threat visualization, with risk-based prioritization and audit logging.

EDUCATION

B.Tech in Information Technology, BITS Pilani (WILP) *Aug 2023 – Aug 2026*

Relevant Coursework: Information Security, Computer Networks, Operating Systems, Database Systems, Data Structures and Algorithms, Cloud Computing

Diploma in Computer Science & Engineering, Govt. Polytechnic (SBTET), Visakhapatnam *Jul 2018 – Aug 2021*

SKILLS

IAM / IGA: Saviynt IGA (Lifecycle Manager, Access Requests, Access Certifications), Identity Governance, Active Directory, Microsoft Entra ID, Okta (foundational)

IAM Functions: User Lifecycle Management (JML), Provisioning and Deprovisioning, Access Administration, Application Onboarding, Access Re-certification, RBAC, Entitlement and Role Management, Least Privilege, Zero Trust principles, Requirements Gathering, Root-Cause Analysis, Audit and Compliance

Authentication: SSO, SAML, OIDC, OAuth 2.0, LDAP (working knowledge)

ITSM and Security Tools: ServiceNow, Jira, Incident Management, SLA Management, Palo Alto Networks, Panorama, Zscaler, Cisco ISE, Microsoft Sentinel, Microsoft Defender

Languages: English (C2), Telugu

CERTIFICATIONS

Saviynt IAM Certification; Google Cloud Associate Cloud Engineer; Zero Trust Cyber Associate; SOC Analyst L1; Okta Identity Foundations (Skill Badge); Deloitte Australia Cyber Job Simulation (Forage)

HONORS & ACHIEVEMENTS

- Best Performer – Security Operations (2025), Wipro; Rank 87 in HackWithIndia cybersecurity challenge.
- Bugcrowd Security Recognition; EF SET English Certificate – C2 Proficient.
